Dear [redacted]

Apologies for the delay.

I have reviewed the emergency plan for 21/02926/CONDN.

The plan overall is good, two comments for consideration, one is that the date of writing and review does need to be included (currently blank) so that the latest version can be used and they can evidence that the plan is reviewed. I would add the consideration of how they may support any staff and customers who are sheltering for 24 hours. The plan states the risk, but no considerations of mitigating actions i.e. having bottled water on site.

Kind regards,

[redacted]
